

Red Lanterns

BOUNTY PROGRAM

Rewards program for participation in the development of RL project

«**Rewards program for participation in the development of RL project**» is a program that allows you to get REDL tokens without buying it. The program's concept is to reward active community members for their contribution in popularization of sexual literacy and promotion of RL service.

5% out of all issued tokens or 50,000 REDL tokens will be allocated for participating in the development of the project during the Reward program.

Tokens will be allocated among the programs as follows:

Each of the program is automatically closed after the token limit is reached.

When publishing or reposting any content the following hashtags must be used: **#rl, #RL, #RedLanterns, #RLICO, #RedLanternsICO, #ICORL, #ICORl** and other options of using the project name and ICO abbreviation in the hashtags.

The following ways of participation in Bounty program are available for community members:

| **Publication of one article in a blog (20%)**

| **Requirements for the article:**

- | The article must be published on the one of the following platforms: Slack, Medium, Golos and other specialized crypto blogs dedicated to finances, economics, technologies and projects which go to ICO
- | The article must be at least 500 words
- | The article must be public and do not be protected by privacy settings
- | The article must be unique and contain your personal experiences about participation in this project in ICO or about the use of RL product (mobile application). It is prohibited to publish the same articles on various resources. The article must have positive content and tell about the advantages of the project in ICO or product usage
- | The article must contain a link with RL site or RL mobile application, or RL official group RL in social networks (Facebook, Twitter, Youtube, Bitcointalk)
